Features

- ☒ Washable for repeated use
- ☒ Quick drying
- ☒ Easy to clean
- ☒ Highly absorbent
- ☒ Many different colors for color coding according to use

Sanitized Cloth
KURAFLEX™
Counter Cloth

KURAFLEX™ Counter Cloth can be used to control hygiene for restaurant tables, in the kitchen, and elsewhere.

KURAFLEX™ Counter Cloth dries quickly and is easy to clean, which are the two major factors for preventing bacteria from multiplying.

Drying speed compared to cotton cloth

Bacteria multiplication compared to cotton cloth

	Number of bacteria(50cm ²)	
	1 week	3 weeks
Cotton cloth	1,600,000	18,000,000
KURAFLEX™ Counter Cloth	400	42,000
